---

**Australia-Oceania :: Norfolk Island**  
*(territory of Australia)*

---

three vertical bands of green (hoist side), white, and green with a large green Norfolk Island pine tree centered in the slightly wider white band; green stands for the rich vegetation on the island, and the pine tree - endemic to the island - is a symbol of Norfolk Island

**note:** somewhat reminiscent of the flag of Canada with its use of only two colors and depiction of a prominent local floral symbol in the central white band
